"UNHA MAXIA PARA MANUEL MARÍA"

Manuel María. A maxia da poesía

David Méndez presents **"Unha maxia para Manuel María"** (a magic for Manuel María), a fresh and original production in which music, visual poetry and illusion effects are the common thread.

With an elegant, original staging inspired by the writings of the Galician poet Manuel María, **"Unha maxia para Manuel María"** is a new kind of show in which magic and poetry go hand in hand and interaction with the audience plays a leading role, creating a space in which to live an experience.

David Méndez's magic is known for its elegance, its clarity and the apparent simplicity of his tricks and effects, which makes the audience look at things with different eyes while they try to work out how it can possibly be done.
